

Chapter Seven (f): Setting the TimeZone

Summary of Chapter:

- How to set the TimeZone on your Pilot.

What you need:

- Knowledge of Admin user account and valid password for your Pilot.
- Which TimeZone you want to use.

Software Revision Required:

- Applicable to software revision 5.2.0 > Net/CachePilots

(Net/CachePilot will be referred to as 'Pilot'. All image examples are of a NetPilot.)

Setting the TimeZone:

- Log on to the Pilot as shown in Chapter One (b).
- From the left-hand side of the screen, select 'Time and date' and then 'Timezone'. (All links are highlighted below).

- You will be presented with the screen shown left.

- You can either select a country from the drop down list, (as highlighted)

- Or you can select the location on the map, as highlighted

- Then select 'OK'.

- On the next screen it gives you a list to select a more specific location, select the relevant one and select 'OK' and 'OK' again
